THE SCIENTIFIC BENEFITS OF ARTS EDUCATION

Participation in theater arts has been shown to enhance students' academic performance, with improvements in reading comprehension, verbal skills, and overall academic achievement. This is attributed to the discipline, memorization, and comprehension skills that theater activities demand. Additionally, involvement in theater arts fosters critical thinking and creativity, encouraging students to approach problems and situations from multiple perspectives and think outside the box. Beyond academics, theater arts participation positively affects students' social and emotional development. It helps build self-confidence and self-esteem as students perform in front of audiences and receive feedback on their work. Theater also promotes teamwork and collaboration, as students must work closely with their peers to produce successful performances. This collaborative environment helps students develop strong communication skills and a sense of empathy, as they must understand and convey different characters' emotions and motivations.

"Every single show has left an unforgettable impact on me, and every single person who has guided me and has talked to me is amazing. This company has changed my life, and I will never forget it."

—N.M., PSBcreative Arts Education Inc. student

"We feel so special to have this affordable and available program for our kids.."

—J. Henry, parent

"I was mesmerized by the show. It was very well-structured and well-directed. Its stage design and costumes were creative and well-made. Most of all, big smiles & pride from the cast members, their parents, & the audience. I, and surely they, will never forget!"

—C. Park, Professor, University of Georgia

SUPPORT OUR SCHOLARSHIP FUND

Key to our mission of providing arts instruction and inclusion to students of all backgrounds, PSBcreative Arts Education offers scholarships to those in need. As a crucial expense, this is supported both by our General Fund and our dedicated Scholarship Fund.

The Scholarship Fund is a high-impact way for individual community members to show their support with one-time or recurring donations. As our expense breakdown shows, every dollar helps.

THE BREAKDOWN

Our famously low tuition fees are calculated to cover only the cost of what we provide directly to each student. For families who cannot afford these rates, we rely on scholarships for every aspect of our per-student expenses.

For complete transparency into what those expenses include (and what scholarship fund donations provide), here's our approximate breakdown:

To provide the essentials:

Show licensing/royalties and script booklet.	\$30
Costuming	\$75
Sets & Props.	\$75
Facility rentals, fees and staff	\$125–\$200
Show t-shirt*	\$25
Printed program*	\$15
Cast party*	\$25

To send one student to a PSBcreative program:

After school	\$250–\$290
Summer Camp	\$400

*To keep our tuition affordable, these optional expenses are often cut due to budget restrictions.

Please reach out to karis@psbcreativearts.com if you would like to sponsor a cast party for our students!

ANSWERING THE CHALLENGE

We currently use school facility rentals for rehearsals and performances. However, these come at significant expense and leave us vulnerable to scheduling conflicts, usage restrictions, maintenance issues, and unpredictable lighting and sound setups—not to mention costly storage and transport of sets and costumes. Our productions sometimes have just one hour after curtain to clear the audience, strike the set, and clean the theater. Even with our small army of volunteers, it's a heavy lift.

Above all, consistency of location will benefit our students and families.

OUR NEXT GOAL: COBB'S MOST UNIQUE SCHOOL OF THE ARTS

In addition to funding upcoming productions, general fund contributions keep our organization on track to achieve our mission. We're now working to extend our reach by establishing an independent school of the arts, a significant step with formidable upfront costs requiring support from our community.

We envision this dedicated facility as a **centralized hub for arts education**, a community space, and a vibrant cultural center, offering an array of artistic and educational experiences for all ages.

GET IN ON THE GROUND FLOOR

Once established, the facility will see daily year-round foot traffic—**which means daily year-round eyes on our donor wall!**

Supporters who contribute to our facility fund or offer in-kind services or material assistance will receive special honors on this wall, as well as repeated mentions in updates to our community on all channels as we prepare both the space and our audience for the exciting grand opening. Your brand can be part of the buzz!
